Policy

Various NOCROP classes sell goods and/or services in order to simulate actual workplace situations to enhance learning and to develop job skills.

Such sales may be made to private or public corporations, companies, or the general public.

This policy shall not be construed as authorizing or encouraging retail programs that compete with private enterprise. Sales shall be limited to merchandise or services that support the instructional program.

Standard accounting procedures, tailored to individual course and/or class needs, shall be provided to ensure accounting for these receipts.
