Board Bylaws

North Orange County Regional Occupational Program, established under authority granted by the State of California, is a legal entity formed to provide a broad career/technical educational program for people of the Region. The members of the Governing Board serve as state officials and operate within the legal authority as specified in the Joint Powers Agreement, the Constitution of the State of California, the Education Code, the Government Code, the Rules and Regulations of the State Board of Education as contained in the California Administrative Code of Regulations, Title 5, Education, and other applicable codes.

The Board represents the people of the Region and has complete jurisdiction over all aspects of the ROP. Each Board member has a responsibility to support the mission and goals of the Program for all ROP students. The Board shall continually evaluate the policies of the ROP to ensure that they are consistent with the needs of students in a constantly changing global society.
