

**North Orange County Regional Occupational Program**  
**CAMPUS DISTURBANCES**  
**ROP BP 5131.4**

## **Policy**

### **Students**

The Governing Board recognizes that all ROP staff must be prepared to cope with campus disturbances and to minimize the risk they entail. Staff should be especially sensitive to conditions that foster racial conflict, student protests, or gang intimidation and confrontations.

The Superintendent or designee shall establish at each ROP campus a disturbance response plan for curbing disruptions which create disorder.

Students who participate in disturbances shall be subject to disciplinary action.
