Policy

Students

The Governing Board recognizes its dual responsibility to protect the health of students from risks posed by infectious diseases and to uphold the right of students to appropriate education.

For purposes of this policy, infectious diseases shall include all those listed by the State Department of Health Services and county health departments.

All applicable education and health codes will govern and guide administrative decisions regarding students with identified infectious diseases.

The Superintendent shall ensure that all student rights to confidentiality are strictly observed in accordance with the law and policy governing the confidentiality of student records.
