Policy

Students

Fostering self-discipline and personal responsibility is essential to preparing students for responsible citizenship. Board policies and administrative regulations shall delineate acceptable student conduct and provide the basis for sound disciplinary practices. The Governing Board believes that good instructional planning, an understanding of each student's needs, and parent involvement when appropriate can minimize the need for disciplinary action. Staff shall use positive conflict resolution techniques to enforce disciplinary rules fairly and consistently, without regard to race, color, religion, national origin, gender or disability. Employees shall be given all reasonable support with student discipline in order to maintain a safe and orderly environment.
